In today's world where technology is rising to a higher level, in medical and healthcare fields, the **medico-legal system** plays an important role. A medico-legal is a legal obligation or case that applies to any case of injury or medical condition in which law enforcement agencies look to investigate and fix the responsibility regarding the causation of the said injury or ailment. From a medical practitioner's perspective, **MLC is a medical or clinical case** with legal implications. It can also be understood as a medical case where the attending medical practitioner after inspecting the patient can claim for legal procedure. the objective is to facilitate doctors, nurses, lawyers, and all other professionals who are part of the healthcare industry by making them understand the different concepts, to save and supervise medico-legal problems. These **medico-legal courses in India will provide adequate knowledge to healthcare professionals**, especially hospital staff, and make them understand legal aspects and medico-legal matters. As every country has its legal system.
